Mr. J. H. Humpherys
State Engineer,

Dear Sir;

At hand is a letter from you to the Sandwash Irrigation Co. C/o of Archie Benson stating that you were going to appoint me as Water Commissioner on Sandwash to distribute the water. It also says that I can go to work at once. I have been over the main course but there is one section that I hesitate to interfere with until I have received the proper appointment. as I fel sure that the rights of the state will be defied and I'll have to bring suit. I have not yet investigated and may find things different than current reports. But at all events I should like to receive definite appointment before attempting to make this adjustment.

Very Truly Yours

Robert H. C. Marchant
