Moved that directors stay as they
are. Moved by Jeff Joseph, 2nd by Boyd Yardley.
Jeff Joseph talked about Boyd Yardley
& others moving water on Mountain.
How is this going to effect the entire division
system for water system. All decisions will be
mixed up. People who transfer water to be
required to change system so other people will
get all water they are entitled to.
Jeff Joseph made motion that all applicants
transferring water in ~~the~~ Beaver River System
to another location that applicants

be required to make all mechanisms & dividers/gauges so that no other water user will loose any of his (their) water rights from the distribution system. The applicants must be held responsible to make and pay for for these changes. We recommend ~~that~~ to the State Engineer that these transfers not be made or approved until these mechanical changes are made.

Dan Goff 2nd Motion unanimously carried.

~~Next~~ Meeting adjourned at 4:45.
