Mr Geo. M Bacon -
Utah State Engineer.

Dear Sir: Your letter of Aug 1 came to my hand last night Your letter states that our portion of 1928 expense for water commissioner R. H. C. Marchant for the Sand Wash is $17,80. credit allowed for 10.20 ($28.00)

Last year we overpaid $10.20 on account of a shortage of the year before which we were called upon by your office to pay. We have receipt No 45435 dated June 27-1927 to that effect. I was wondering if this amount had been deducted from our portion of the assment.

Please advise me in regard to this and I will mail check by return mail
