Mr. Geo. W. Bacon
State Engineer
Salt Lake City

Dear Sir. If I properly remember I failed to make reply to your letter asking if $4.50 were satisfactory as compensation as water commissioner on Sand Wash. While I understood that I was to receive $5.00 per day you may adjust that as you see fit.

Will you please send to me a supply of whiteform vouchers that I may draw on the state what is coming to me as I must meet a ditch assessment early next month.

Very Respectfully Yours,
Robt. H. C. Marchant

P.S. I don't exactly understand what you mean by "renewal of the old bond" in your of July 13.

Robt. H. C. Marchant
