MINUTES OF THE ANNUAL MEETING OF THE
BEAVER RIVER DISTRIBUTION SYSTEM USERS
Feb. 1987

WATER RIGHTS
SALT LAKE

The annual meeting was held in the county commissioners room in the Beaver County Court House at 2:00 p.m. Feb. 25 1987.

Chairman Roy Yardley called the meeting to order. Secretary Jeff Joseph read the minutes of the 1986 meeting. Vern Wood motioned and Leland Smith seconded that the minutes be accepted as read.

Chairman Yardley mentioned how fortunate we were to receive the latest storm. He then turned the time over to Kent Jones for the financial report. In the process of discussing the financial report, delinquent accounts were discussed. The point was brought up that many improvements as concerning delinquent money and lost accounts had been made during the year and during the present meeting. Clark Carter motioned and Fay Marshall seconded that the financial report be accepted as read.

The time was then turned over to Commissioner Lee Strong for the commissioners report. Mr. Strong mentioned the stream flow conditions previous to the last storm. These were about 70% of average for the coming season. However, he said that the Minersville Resivour would be in good shape. Mr. Strong stated that he would increase efforts on his part for the metering of the Mount Holley water rights to see that these rights are not over used. Mr. Strong again, as last year, reminded us to have our measuring and metering devices installed on our ditches.

Chairman Yardley directed a question to Mr. Ken Jones regarding the future effects of sprinkling systems causing diminishing spring water supplies. Mr. Jones mentioned that documentation of the spring water supplies would be necessary for this concern to stand up in court. Blake Smith mentioned that last year the School House Drain was dry inspite of the wet year. An interesting*discussion ensued. Mr. Jones suggested that we as individuals and groups become more aware of the water right change applications that are in our local papers. **two sided*

Gordon Roberts motioned and Vern Wood seconded that the Commissioners Report be accepted.

The budget and salaries were next discussed. Lee Strong was the only person filing an application for water commissioner. Fay Marshall motioned and others seconded that Lee Strong be the commissioner. Mr. Strong agreed to work for the same pay as the year previous.

Vern Wood motioned and Gordon Baker seconded that the secretary's salary be raised to \$50 per year.

Leon Paice motioned and Leland Smith seconded that the budget be \$11,675 and that the assessment be \$11,000.

Clark Carter motioned and Fay Marshall seconded that the Board continue as is. All voting during the meeting to the best of my knowledge was unanimous. Chairman Yardley then adjourned the meeting.

Board: Roy Yardley-----Chairman
Robert Christiansen
Vern Wood
Fay Marshall
