Subject: Deseret Generation and Transmission - Request for Reconsideration of Extension of Time Order (Water Right 49-258)
To: "John Mann (johnmann@utah.gov)" <johnmann@utah.gov>
Cc: "Dave Crabtree (Crabtree@deseretpower.com)" <Crabtree@deseretpower.com>

John,

This email is submitted on behalf of Deseret Generation & Transmission Co-Operative ("DG&T"), the applicant under Water Right 49-258.

Pursuant to Utah Code 63G-4-302, DG&T respectfully submits this request for reconsideration of the State Engineer's decision on the Extension of Time Request for Application to Appropriate Water Number 49-258 (the "Order"). The State Engineer issued the Order on March 27, 2014, wherein the State Engineer approved the request for extension through July 30, 2015, the end of the 50-year period.

As a wholesale electrical cooperative, DG&T's extension request requested an extension beyond the 50-year application period in accordance with Utah Code 73-3-12. In support of its request, DG&T submitted information demonstrating that the water applied for in the application is needed to meet the reasonable future power production requirements of the public served by DG&T within the next 40 years, in compliance with Utah Code 73-3-12(4).

Based on the information submitted with the extension request, DG&T respectfully requests the State Engineer reconsider his decision in the Order, and approve the extension request for a longer period in order to allow DG&T to complete full development of the subject water right.

Thank you for your assistance in this matter.
