Mr T H Humphrys
Dear Sir in regards
to having a water commi-
-sioner apointed for the
upper end of the Montez
creek there is 4 of us
that is interested and
if we decide on one of
the 4 that is interested
for a comissioner would
it be satisfactory with
you and how would we
go about it would he
be apointed from your
office. if I have it in
my mind quite clear the
users that are interested
finance the Expense accor-
ding to the amount of their
acrage. thanks a lot

for a reply with
kindest regards
Samuel Snyder
