Roosevelt. Utah.
R. R. No 1

Mr J H Humpherys
State Engineer. Dear
Mr Humpherys Pardon me
for being so slow in
thanking you for the
satisfactry reply to my
former letters. and now
the Dry Gulch irrigation co
through arthur wiscom
is very small Disagrea-
-ble to get a long with the
check they Put in for me
is just a rough hurry up
job and leaks so bad when
the stream is down to one
sec foot it all goes thru

RECEIVED
AUG 19 1935
State Engineer's
Office

and i am unabel to get
any out so it is not as
they agreed to at all. and
have laid claim to the gra
Bryant Prior filing and
for bid me taking any of it
and not a drop of water is
going to Bryant. and have
not been for a good many
days. so i may have to
have them up for tresspass-
ing so if you can help
me out in any way
i will apreciate it very
mutch and thanks in
advance with kindest
regards Sam Snyder
over.

Ps if you remember
i brought it up in the
Previous letter to you
that the Dry G. V. co.
had not completed the
headgate for me well they
went a head with a
hurry up job and put
the head gates 10 or 12 ft
up stream above the check
and right on top of the
ground so as soon as
i seen them i notifyed
the co. by telephony and
let them know it did not
suit me so they let me
go a head and finish it
and now refuse to pay for
only Part of the work so
i will wait for your
advise.
