Roosevelt Utah R. 1.

State Engineer.

Salt Lake city

Dear Sir will you Please send me a copy of the filings of the west fork of monley creek in Duchsne co is Mr Hoyt the water commisioner for this section now.

Mr Humphreys the Dry Gulch irrigation co is making Plans to run a lot of their water down the west fork of Monley creek they started over a year ago to work on some of it where the rights of ways were ~~we~~ avaleable and mine was one of them. I charged them nothing for the right of way and they made their canal up Past my head gate with

the under standing they were to put in a head gate for me this was over a year a go and i was left high and dry every since till the other day i put in a dam across the canal so i could use some water but the first storm it will be washed out. i have no money to sue them i wonder if you could and would help me out by writeing them a letter to hurry them up a littel.

Yours truely with Kindest Regards Samuel Snyder
