Mr T. H. Humphreys.
Hon State Engineer Utah
Dear Sir.

We have made Sevrel atemps to get a Watter Comisioner an Mones Creek Watter. We have never got eney Results from Several Patisians that we have made at difrent times they never get farther than the Dry Gulch office.

Now if ~~I~~ we guarantee to Pay him will you apoint Mr Bernie Calten the Present Watter Comisioner to go over the Project with us.

Mr Ray Labrum told my ~~son~~ Son that they would not turn their Watter of ~~Their Watter~~ ~~It~~ unless all the Filers would turn of theirs it does not apeal to me that after a Filer has made ~~Bet~~ Benifical use and Proved up ~~on~~ his Watter that a neather Filer can step in and Place a Large and Cantrole all of the Watter Leaving us Dry Pleas let me hear from you at once and Oblige Ella Bryant
