Roosevelt, June, 27th, 1929

Mr. Baker: —

Dear sir, in reply to a water com. on Monty Creek. I would suggest Clair Haslem. He is government ditch rider. would have to be taken ~~t~~ up by Residence Engenneer at Myton. Haslem would be confident and be handy for him as he rides all ~~round~~ it. would take him very little extra time. and if it is all right with Government am sure he would except it.

Your Rest.
