Kelly,

When you have time, please prepare Logan River assessments based on the Primary Units to assess $24000 to the water users.....

After the 24000 are computed and/or posted, we need to add a special assessment of $1,927.56 (to Rick Reese) to bring the total to 25,927.56.

I'll let you decide the best way to do this, or feel free to discuss this if there are questions, but that is the goal.

Thanks.

Ben
