JERRY D. OLDS
State Engineer/Division Director

September 18, 2008

TO THE WATER USERS OF SOUTH CREEK, NORTH CREEK AND SPRING CREEK

In accordance with Utah Code Ann. § 73-2-1(8) (2008) and Utah Admin. Code R. 655-15-5 (2007), the State Engineer will hold a meeting with the water users of the above named water sources at the following time and place:

**Thursday October 2, 2008
10:00am**

**San Juan County Courthouse
County Commission Chambers
117 South Main
Monticello UT**

The purpose of the meeting will be to gather information and discuss whether North Creek and Spring Creek should be included in the **Blue Mountain Distribution System** and the diversions from those sources be regulated by the State Engineer appointed water commissioner. The meeting discussion will include the following topics:

1. The water regulation issues on North Creek and Spring Creek
2. The water users and water rights that would be regulated by the water commissioner.
3. The increased duties of the water commissioner
4. The water measurement requirements that would be imposed on the water users.
5. The increased expenses to the distribution system
6. The assessments that would be made to the water users added to the distribution system.

This will be an important discussion regarding the future of the Blue Mountain Distribution System so I hope your schedule will allow you to attend. If you have any questions prior to the meeting you can contact me by phone at (801)538-7380 or by e-mail at LeeSim@utah.gov.

Respectfully,

Lee H. Sim, P.E.

Assistant State Engineer for Field Services
