Re: Uinta Basin General Adjudication--  
1999 Interim Distribution Schedule,  
Duchesne County Civil No. 560800056CV

Dear Judge Anderson:

On or about June 9, 1999, we filed our usual Motion to place the Duchesne/Strawberry River System on regulation for this year. Based on the most current snowpack data, and given the cool wet spring and early summer, the River Commissioner has now informed us that it will not be necessary to place the River System on regulation this year, since adequate water supplies will be available.

Not wanting to inconvenience the Court or other interested parties, I have today filed a Withdrawal of that Motion with the District Court, a courtesy copy of which is enclosed herewith.

Therefore, please disregard the prior Motion. I apologize for any inconvenience this may have caused the Court or other interested parties, but at the time we filed the Motion the water supply was still looking uncertain. I guess we can always be grateful for abundant precipitation.

Respectfully yours,

  
MICHAEL M. QUEALY  
Assistant Attorney General
