March 25, 2003

Dear Water User:

We face another dry year. As in previous years, a distribution order specifying the irrigation duties and delivery schedules for the three zones of the Duchesne/Strawberry River system has been submitted to the court and we anticipate that it will soon be signed..

The diversion rates allowed under the duty schedules are based on irrigated acreage. Therefore, to determine the allowable diversion rate for each water user (water right owner), the river commissioner will need the number of acres each water user will irrigate this season.

This letter serves as notice that, as required by the court order, all water users must file a report stating the total number of acres that the water user intends to irrigate during the coming irrigation season. Please send the report to:

John Swasey, Commissioner
Duchesne/Strawberry Distribution System
HC 1 Box 145
Duchesne, Utah 84021

This acreage report must be submitted prior to May 15, 2003.

If you have any questions concerning the report, please contact me by phone at (801) 538-7380 or by e-mail at LEESIM@UTAH.GOV or Bob Leake, Regional Engineer, by phone at (435)781-5327 or by e-mail at BOBLEAKE@UTAH.GOV.

Sincerely,

Lee H. Sim, P.E.
Assistant State Engineer for Distribution

cc: Bob Leake, Regional Engineer
John Swasey, Commissioner
