Dear Mike:

I will try to call you. It does seem to me that this is a poor year to increase the duty of water on the Duchesne River. I guess it would let the protestant know what such an increase would do to it, but I suspect that the primary users will be lucky to get 4 feet this year, and raising it 4½ feet on paper doesn't help them, but does raise their expectations.

Let's talk about it.

Best regards.

Very truly yours,

Edward W. Clyde
