April 21, 2009

TO THE DEEP CREEK WATER USERS AND MOSBY IRRIGATION COMPANY

At the annual distribution meeting held on March 18, 2009, the water users determined to advertise the water commissioner position and hold interviews before recommending someone to fill that position for the next four-year term. The Deep Creek Distribution System Committee and the Mosby Irrigation Company President will interview the applicants the morning of April 29, 2009.

To be able to move ahead with the commissioner appointment as quickly as possible, we have scheduled a meeting for the Deep Creek water users and the Mosby Irrigation Company as follows:

2:00pm
April 29, 2009
Mosby Irrigation Company Office
Lapoint, Utah

The purpose of the meeting will be to:

- Meet the requirements of §73-5-1 Utah Code Annotated: the water users need to vote on the interview panel's recommendation for the Deep Creek Water Commissioner / Mosby Irrigation Company Water Master position for the next four-year term.
- Discuss the adjudication of the Mosby Irrigation Company water rights based on the information that was handed out at the March 18th meeting.

This meeting will be important for all the Deep Creek water users and all of the Mosby Irrigation Company shareholders, we hope that all will be able to attend. We do not have all of the Mosby Irrigation Company shareholders on our database, so this letter will not reach all of the shareholders. We would request that those shareholders who do receive the letter please share this information with those who do not.

If you have any questions prior to the meeting, please contact me by phone at 801-538-7838 or by e-mail at LeeSim@utah.gov or Bob Leake, Regional Engineer by phone at 435-781-5327 or by e-mail at BobLeake@utah.gov.

Sincerely,

Lee H. Sim, P.E.

Assistant State Engineer for Field Services

cc: Bob Leake, Regional Engineer
