Re: Uinta Basin General Adjudication
Duchesne County Civil No. 3070

Dear Judge Draney:

Enclosed for your consideration are a Motion of the State Engineer and proposed interim Order to govern distribution of water on the Duchesne River System for the 1988 irrigation season. Distribution on this System has been regulated under Court Order during those years when there has been insufficient water to satisfy existing rights as part of the pending statutory adjudication action in Duchesne County.

Copies of the Motion and proposed Order are today being mailed to those attorneys who have been involved in this matter in the past, along with a copy of this letter.

If these documents meet with your approval, I would appreciate it if you would execute the Order and forward them on to the Duchesne County Clerk for filing. A stamped, pre-addressed envelope is enclosed for your convenience in so doing. If you have any questions, please give me a call.

Respectfully yours,

MICHAEL M. QUEALY
Assistant Attorney General
