

Huntington Creek Distribution System

A meeting of the Huntington Creek Distribution System Board of Directors was held on March 23, 1983 at 1:00 p.m. in the Courthouse in Castle Dale, Utah. It was decided that the budget would be finalized as it was proposed at the annual meeting, that being a total of \$13,500 for the 1983 season. The Board requested that Mr. Don Norseth determine if state retirement needed to be paid for Mr. Grange. If it was not necessary, the budgeted amount should be put into the miscellaneous account. It was also determined that records would be kept year-round by the commissioner. After a brief discussion, it was decided that no additional assessment would be levied on the water delivered from Huntington North Reservoir or through the Cottonwood-Huntington Canal.

Measuring devices were also discussed. Devices will need to be installed on the Avery Ditch, the Kirk Johansen diversion and on the Eugene Johansen diversion. These devices may be purchased through the Emery County Water Conservancy District.

The meeting was adjourned at 1:40 p.m.

Those present at the meeting are as follows:

Mark Page	State Engineer's Office
Lamond Gardner	State Engineer's Office
Bill Guymon	Board Member - Lower Users
Carly Burton	Board Member - Utah Power & Light Co.
Hal Guymon	Board Member - H-C Irr. Co.
Mar Grange	Board Member - H-C Irr. Co.
Clyde Sherman	Emery County Water Conservancy District
David Frandsen	Bureau of Reclamation
