Dear Tim:

Re: Black Smith Fork-Hardware Ranch
Diversions

As you know the flow of Blacksmith Fork is extremely low this year due to the drought. At this time the Blacksmith Fork is not flowing enough to fill the primary water rights on the system.

We have received a request from the primary water right holders on Blacksmith Fork for regulation of the diversions on the river. Therefore, we request that effective immediately, you cease diverting from Blacksmith Fork at Hardware Ranch.

If you have any questions concerning this, please contact me.

Sincerely,

Lee H. Sim, P.E.
