MR BOB FOTHERINGHAM
LOGAN

Dear Bob:

Re: Little Bear Adverse Users
Upper Water Users

Enclosed is the information that I promised to send you regarding my brief investigation into the adverse users on Little Bear River. Part of this information came from some research done by Hanson and Associates and is contained in the 1975 commissioners report. I have included a xerox copy of the information. The background summary sheet outlines the impressions that I have regarding these rights from my investigation. It is organized along the lines of the proposed water schedule for the adverse and upper water users which was first put into the 1975 report and has been included each year since.

If you have any questions or have any more information, please contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lee H. Sim'.
