Dear Kay:

Enclosed are copies of the comments that we received regarding the 2003 annual commissioner's report that you submitted at the annual meeting.

I believe the issues described in the comments are valid concerns that need to be addressed and corrected in future reports. Please keep these items in mind as you regulate, measure, and record water use during 2004 so that adequate data can be gathered to properly address these types of issues in the 2004 report.

The 2004 report should contain all the information necessary, organized in an understandable format, to answer the concerns expressed in these comments as they relate to the 2004 season.

If you have any questions concerning the comments please contact Mark Page, Regional Engineer, by phone at (435) 637-1303 or by e-mail at MarkPage@utah.gov. If you have any other questions regarding this letter, please contact me by phone at (801)538-7380 or by e-mail at LeeSim@utah.gov.
