RE: SEAA 1412

Dear Kent:

The Parshall Flume on the Logan River & Blacksmith Fork Canal is not functioning properly. The attached notice (SEAA 1412) outlines Utah water measurement requirements and what action is needed to achieve compliance. Please call me at (801) 538-7469 or Will Atkin, Regional Engineer, at (435) 752-8755 if you have any questions about this work and to coordinate with our office on getting the work completed prior to next season.

Sincerely,

Ben Anderson, P.E.
