

## SUMMARY OF LEGAL ACTIONS 1998

There were no applications received in 1998 by the State Engineer for changes or appropriations on the Lower Jordan River System. No legal actions were incurred by the Association in 1998.

The State Engineer did proceed with one change application #59-3659 (a20607) submitted in 1996 by the Brighton and Northpoint Irrigation Companies. The application requested a change of use to include wildlife enhancement and a change of diversion point for the Brighton Canal to that of the Northpoint Canal. A hearing was held July 15, 1997 and on December 18, 1998 the State Engineer gave his approval subject to certain conditions, copy attached.
