**WATER RIGHTS
SALT LAKE**

Joseph N. Nemelka, Jr.
202 East 4500 South
Murray, Utah 84107

Dear Mr. Nemelka:

In your letter dated February 2, 1996, you inquired as to water used for the sprinkling system at the Wingpointe Golf Course. The City is currently using culinary water in this system. The City is not aware of pumps or dredging in the Surplus Canal to make use of that water for the Wingpointe sprinkling system. It appears that your source of information was not accurate. Please be assured that it is the City's practice to comply with appropriate legal requirements.

Sincerely,

ROGER F. CUTLER
City Attorney
