Re: Diligence Claim Number 57-10193

Dear Mr. Schneider:

You have filed the above referenced diligence claim. It has been advertised as required by statute. It has also been field reviewed several times by this office. Your claim stands on its own merits. At this point the claim has not been adjudicated, that would be completed either through the general adjudication or by way of a challenge to this diligence claim that would bring it before a judge.

Sincerely,

A handwritten signature in cursive script that reads "James E. Riley".

James E. Riley, P.E.  
Regional Engineer
