WATER RIGHTS
SALT LAKE

September 13, 1999

Brown Ditch
Mr. Robert Halliday
532 Benbow Ave.
Murray, Utah 84107

Dear Sir:

I have been assigned by the Little Cottonwood Creek Committee and the State Engineers Office to inform you of the following:

You are requested to construct and install a flume, with a weir, plus a staff gauge, down stream, in your ditch, near the intake headgate from the Little Cottonwood Creek.

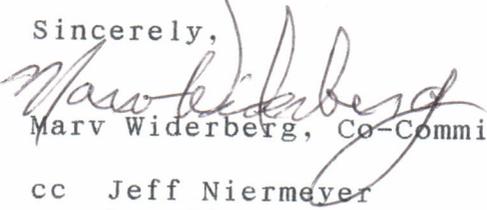

This is for future reference and records of the water use from Little Cottonwood Creek, for the State Engineers Office.

We will be happy to assist you with the specifications and design of said weir.

We request that this construction be completed before Apr. 1st 2000.

If you have any questions regarding this situation please call Marv Widerberg 942-6412 or Tim O'Hara 483-6784.

Sincerely,

Marv Widerberg, Co-Commission Little Cottonwood Creek
