

Logan River Distribution System

MEMORANDUM

TO: Lee Sim

FROM: Terry Gnehm, Water Commissioner

DATE: February 9, 1997

I just wanted you to know that I have received and paid for the Quartz Timer for the Steven's recorder for Logan River. U.S. Filter on 12th Street in Ogden, is the local company representing Steven's here in Utah. I called them back after the meeting on January 22nd and talked to them about placing the order. Instead of \$607.00 as quoted earlier that morning, they had it delivered to me for \$567.00.

I also paid the meeting room rent at BATC for 2 days @ \$25/day. I have already submitted these expenses.

Please let me know what you have found out regarding the \$234.00 salary on Bear River, line item 1 on the 1996 Expenditures. I would appreciate you getting back to me and letting me know what you have found out. You can FAX me at (801) 753-6139, email me a message at cg@kelbli.com, or call me (801) 752-0376.

As I told Bonnie last Friday, because of surgery that my wife will be having that week and cattle that I need to feed, I am not able to attend the meetings on February 10 and 11. However, I would like to receive information from the speakers, if at all possible.

Thanks for your help in finding out the error regarding the salary for Bear River.

Best Regards,
Terry Gnehm
