Dear Stan:

Re: Lower San Pitch R/S
1980 Assessment Roll

Enclosed is the 1979 Assessment Roll for the Lower San Pitch River Distribution System which you compiled. I had no questions or remarks as to its accuracy or validity.

Enclosed also is the Commissioner's 1979 report of distribution of water. Would you please give me some assistance in interpreting the figures the commissioner has reported as to acre-feet diverted during 1979 on which to calculate the 1980 Assessment? It seems the titles of the water users do not co-incide with the present existing assessment rolls. If there is any thing I can do for you in this behalf, feel free to contact me. Thank you for your attention to this matter.

Very truly yours,

Richard R. Pexton
Distribution Accountant
