MR RALPH PEARSON  
P O BOX 18  
MINERSVILLE UT 84752

Dear Mr. Pearson:

Re: Order to cease use of water  
Milford Area Distribution System

As a follow-up to the March 6th, 1992 notice regarding water meters, members of the staff of the Division of Water Rights and the River Commissioner inspected each well in the Milford Area Distribution System on May 21st & 22nd. A State Engineer's tag was placed on each well which was not in compliance with the notice and a list was made of the water users involved. According to our inspection your wells either are not metered or the meters are not working.

Therefore, by authority of Section 73-5-4 of the Utah Code Annotated, 1953, as amended, you are hereby ORDERED to cease the use of water from your wells generally described as Stahl Place Well and West of Stahl Place Well until such time as the wells are fitted with meters in good working condition. Compliance with this Order will be determined by a field inspection by the River Commissioner in the near future. Those water users whose wells are not in compliance with this Order will be reported to the Attorney General's Office and legal proceedings will then be initiated to enforce this Order.

This Order is subject to the provisions of Rule R655-6-17 of the Division of Water Rights and to Sections 63-46b-13 and 73-3-14 of the Utah Code Annotated, 1953, as amended, which provide for filing either a Request for Reconsideration with the State Engineer, or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this Order. However, a Request for Reconsideration is not a prerequisite for a court appeal. A court appeal must be filed within 30 days after the date of this Order, or if a Request for Reconsideration has been filed, within 30 days after the date the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.

Dear To Whom it May Concern: Re: Order to cease use of water  
Milford Area Distribution System

As a follow-up to the March 6th, 1992 notice regarding water meters, members of the staff of the Division of Water Rights and the River Commissioner inspected each well in the Milford Area Distribution System on May 21st & 22nd. A State Engineer's tag was placed on each well which was not in compliance with the notice and a list was made of the water users involved. According to our inspection your wells either are not metered or the meters are not working.

Therefore, by authority of Section 73-5-4 of the Utah Code Annotated, 1953, as amended, you are hereby ORDERED to cease the use of water from your wells generally described as Henrickson Place Well, West of McKeon Well, Five Wells on Green Diamond Ranch, Home Place Well, and well north of house until such time as the wells are fitted with meters in good working condition. Compliance with this Order will be determined by a field inspection by the River Commissioner in the near future. Those water users whose wells are not in compliance with this Order will be reported to the Attorney General's Office and legal proceedings will then be initiated to enforce this Order.

This Order is subject to the provisions of Rule R655-6-17 of the Division of Water Rights and to Sections 63-46b-13 and 73-3-14 of the Utah Code Annotated, 1953, as amended, which provide for filing either a Request for Reconsideration with the State Engineer, or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this Order. However, a Request for Reconsideration is not a prerequisite for a court appeal. A court appeal must be filed within 30 days after the date of this Order, or if a Request for Reconsideration has been filed, within 30 days after the date the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.

According to our inspection your wells either are not metered or the meters are not working.

Therefore, by authority of Section 73-5-4 of the Utah Code Annotated, 1953, as amended, you are hereby ORDERED to cease the use of water from your wells generally described as well south of Walker Place Well, well west of home, Home Well, well east of home, and Stewart Well until such time as the wells are fitted with meters in good working condition. Compliance with this Order will be determined by a field inspection by the River Commissioner in the near future. Those water users whose wells are not in compliance with this Order will be reported to the Attorney General's Office and legal proceedings will then be initiated to enforce this Order.

This Order is subject to the provisions of Rule R655-6-17 of the Division of Water Rights and to Sections 63-46b-13 and 73-3-14 of the Utah Code Annotated, 1953, as amended, which provide for filing either a Request for Reconsideration with the State Engineer, or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this Order. However, a Request for Reconsideration is not a prerequisite for a court appeal. A court appeal must be filed within 30 days after the date of this Order, or if a Request for Reconsideration has been filed, within 30 days after the date the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.

BEAVER UT 84713

Dear Mr. & Mrs. Paice:

Re: Order to cease use of water  
Milford Area Distribution System

As a follow-up to the March 6th, 1992 notice regarding water meters, members of the staff of the Division of Water Rights and the River Commissioner inspected each well in the Milford Area Distribution System on May 21st & 22nd. A State Engineer's tag was placed on each well which was not in compliance with the notice and a list was made of the water users involved. According to our inspection your well is not metered or the meter is not working.

Therefore, by authority of Section 73-5-4 of the Utah Code Annotated, 1953, as amended, you are hereby ORDERED to cease the use of water from the William's Place Well until such time as a meter in good working condition has been installed at the well. (The existing meter is new but was not working at the time of inspection.. Compliance with this Order will be determined by a field inspection by the River Commissioner in the near future. Those water users whose wells are not in compliance with this Order will be reported to the Attorney General's Office and legal proceedings will then be initiated to enforce this Order.

This Order is subject to the provisions of Rule R655-6-17 of the Division of Water Rights and to Sections 63-46b-13 and 73-3-14 of the Utah Code Annotated, 1953, as amended, which provide for filing either a Request for Reconsideration with the State Engineer, or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this Order. However, a Request for Reconsideration is not a prerequisite for a court appeal. A court appeal must be filed within 30 days after the date of this Order, or if a Request for Reconsideration has been filed, within 30 days after the date the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.
