

On March 28th, 1995 the Water Committee, Keith James, Russell Mayer, Shaun Pearson, Gary Sullivan, Chairman James Mayer, Lee Sim, and John Gibson Water Rights Representatives met at the home of James Mayer to interview for a new Water Commissioner.

15 people had responded to the ad that was put in the paper. It was narrowed down to seven people to interview. After the interviewing Gary Sullivan made a motion to nominate Larry Maycock for the Commissioners position and Keith James 2nd the motion and all were in favor. If Larry doesn't take the offer Gary made another motion to ask Robert W. Bolton. Russell Mayer 2nd the motion, all were in favor.

Lee will write a letter to the ones that were interviewed thanking them for coming.

Chairman James Mayer then asked if all Water User's should be sent a Annual Report before the Annual meeting? It was decided that the Commissioner should send it in January before the annual meeting in February.

The Board decided that the pitot tube readings will be assessed with regular assessments.

The meeting was adjourned at 10:00 p.m.
