Dear Mr. Carpenter,

The Milford Distribution Committee would like to file a complaint against Larry Carter for illegal use of well #150 in section 14, T295, R11, SLB&M.

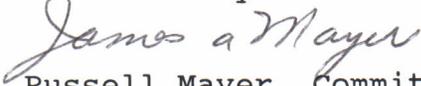

The Committee has derived a list of violations which we would like the Division of Water Rights to investigate.

1. The regular period of use should be March 15, 1995 through November 1st, 1995. Mr. Larry Carter was observed using his well after November 15, 1995.
2. Mr. Larry Carter is using water to supply a gravel pit operation east of well #150, which is not the location of the use.
3. Mr. Larry Carter is using irrigation water for industrial use.
4. There is a possibility that Mr. Larry Carter is using over his allotted acre-feet.

In closing we would like to execute a order to cease and desist if any of the above violations exist.

Sincerely,

James A. Mayer. Chairman
