RE: COMPLIANCE ACHIEVED / SEAA 1278

Dear Water User:

On September 9th, 2008, the State Engineer initiated the referenced agency action ordering Diamond H Farm 1, LLC to cease the use of water from the NE and SW wells on its property in Minersville, UT; also designated by the State Engineer as wells #151 and #152.

On September 11, 2008 Diamond H Farm 1, LLC transferred an additional 200 acre-feet (AF) of water, t34840, to wells #151 and #152. This additional water enabled Diamond H Farm 1, LLC to continue the use of both wells and not violate SEAA 1278. Diamond H Farm 1, LLC ceased the use of water when the total volume of water used between both wells reached 1060.5 AF. The total of water rights 71-1668, 71-5148, t34653, 71-94, 71-4102, and t34840 is 1063.25 AF.

Diamond H Farm 1, LLC was compliant with the limitations of said water rights for the 2008 irrigation season and no further action is required. Diamond H Farm 1, LLC is commended for their compliance and SEAA 1278 is considered closed.

Sincerely,

Vance Twitchell
Distribution Engineer
