Re: Order of the State Engineer to Cease Use of Water

Dear Mr. Wiseman:

The State Engineer has referred the above matter to the Attorney General's Office. A copy of the Order is enclosed for your reference.

A recent field inspection by the water commissioner found that you are using water in violation of the Order. I strongly encourage you to immediately comply with the Order by installing a meter in good working condition or by ceasing the use of water. Upon installing the meter, you should immediately inform the State Engineer's office so that an inspection can be made.

If you fail to comply by May 16, 1997, a Complaint will be filed in District Court to enforce the Order. Please contact me should you wish to discuss this matter with me.

Sincerely,

A handwritten signature in cursive script, appearing to read "John H. Mabe, Jr.", written in dark ink.
