TO THE MILL CREEK DISTRIBUTION SYSTEM COMMITTEE:

Today, the Division of Water Rights staff met with Rob Magelby about the distribution and regulation of water on Mill Creek during this past year. As a result of that meeting and based on the discussion we had with Rob, we have some concerns and Rob also has some concerns about whether he is still a good fit for the position. We would like to meet with the committee to discuss this past year's regulation and what the options are for regulation for the coming year.

We would like to meet with the committee on:

Tuesday, December 21, 2010
5:00pm
Grand Co. Water & Sewer Service Agency
Conference Room
3025 East Spanish Trail Road
Moab, UT 84532

We feel the need to hold the meeting as soon as possible so that we will have time to complete the water commissioner selection process if it is decided that a new water commissioner is needed. This meeting will be important for the regulation of water on Mill Creek next year and perhaps the next four years so I hope your schedule will permit you to attend. If you will not be able to attend the meeting please contact me (phone: 801-538-7380; email: LeeSim@utah.gov)

Sincerely,

Lee H. Sim, P.E.
Assistant State Engineer for Field Services
