November 17, 2010

Parowan Water Commissioner

I am sending my resume to you seeking employment per your advertisement in the Spectrum.

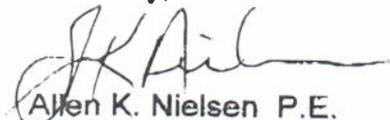

Following is a Summary of Qualifications

- . Forty seven years experience in civil engineering, surveying and construction.
- . Extensive experience in client coordination, project design and management and coordination with public entities and utilities.
- . Background in the training and supervision of personnel.
- . Expertise in project estimating, budget preparation, contracts and construction administration.
- . Excellent oral and written communication skills.
- . Excellent analytical problem solving abilities.

I closed my firm located in Las Vegas, Nevada in 2009 due to the downturn in the economy. I live in Summit and I would like to continue working part time.

I am confident that I would be a valuable addition to Parowan City and would welcome a personal meeting where we could further discuss my qualifications and your needs. I look forward to speaking with you in the near future. Thank you for your time and consideration.

Sincerely,

Allen K. Nielsen P.E.
