

POT CREEK WATER USER'S MEETING
March 1, 1976

Bob Guy, acting as chairman, opened the meeting at 4:00 p.m.

Bob Guy read the minutes of the 1975 meeting. The minutes were corrected to read Tess Calder rather than Lucile Calder.

Don Norseth read the 1975 Financial Statement. The Statement was approved as read.

Udell Gardiner gave the Commissioners report. He stated that all rights were satisfied. It appears that the U.S.G.S. gage at the Colorado line is not working properly as there was more water going to Colorado during one period than the gage shows. The report was accepted as given with the notation that the written report would be completed at a later date.

It was moved by Leon Green and seconded by Bob Nielson that Udell Gardiner be appointed Water Commissioner. Motion carried.

After some discussion it was moved by Leon Green and seconded by Bob Nielson that the 1976 budget be set at \$417.55 and the assessment be \$350.00. Motion carried.

Bob Guy mentioned that it appears that there should be a good water year on Pot Creek this year.

Meeting adjourned at 4:30 p.m.

Those present were:

NAME	REPRESENTING
Robert F. Guy	Ut. Div. of Water Rights
