Dear Mr. Lambert:

Attached please find a copy of our proposed Memorandum of Understanding with attached list of priorities that we are going to recommend for approval at the Pot Creek meeting March 7, 1973.

You will note that we have incorporated the recent changes to the priority list as submitted by Don Norseth as well as our irrigation season commencing April first for the lower altitude Colorado rights.

We feel that we must hold for this proposal in the forthcoming year and would be happy to have your representative contact Wesley Signs in Steamboat Springs at (303) 897-0272 by Monday, March 5 if they anticipate any difficulties.

Yours very truly,

C. J. Kuiper
State Engineer
