---	---

Gay Ditch Water Users:

This letter confirms that the requirements in SEAA 1325 have been satisfactorily completed.

The Division recognizes:

1. The Division re-inspected the measurement device on the Gay Ditch and determined that while the return gate located immediately above the flume remains completely closed, the existing Parshall flume is a sufficiently accurate measuring device.

**SCANNED**  
*To SEAA1325*

June 15, 2011

Subject: Gay Ditch Co. Notice of Compliance

2. A stilling well suitable to house automated measurement and communication equipment has been installed next to the flume.

We appreciate your diligent attention to this matter and thank you for your cooperation and timely response. If you have any questions concerning this letter please contact Sue Odekirk, Distribution Engineer at (801) 538-7431 or Marc Stilson, Southeast Regional Engineer at (435) 613-3750.

Regards,

Sue Odekirk, P.E.

Distribution Engineer
