Dear Jim,

Wasatch Special Service Area #1 (WCSSA #1) sent a letter requesting a change on the 4% shrink in the Provo River for the Timpanogos, Wasatch, North Field, Extension and Midway Irrigation Companies. The same letter questioned the make up criteria for the Provo River below Jordanelle. Would you send a copy of the criteria for the Provo River below Jordanelle?

Also, would you contact me at (435) 654-5670 or 671-0881 on your ruling or any information you have concerning these issues.

Thank you.

Manager, WCSSA #1
