RE: Ivins Irrigation Company and the Utah Board of Water Resources v. Lower Gunlock Reservoir Corp. and State Engineer of Utah, Washington County Civil No. 87-1493; Change Application No. a-14045 (81-77)

Our office just received a copy of the signed ORDER OF DISMISSAL for the above case. A copy is enclosed for your files as well as the STIPULATION and the WATER EXCHANGE AGREEMENT on which the Stipulation is based.

The dismissal has the effect of affirming the State Engineer's rejection of Change Application No. a-14045 (81-77). The water should be distributed in accordance with the water rights of record with the State Engineer's Office and the terms of the Water Exchange Agreement.

Please endorse your records accordingly.
