The meeting was held in Moroni, Utah on January 20, 1993, at 10:00 a.m. Kirk Forbush brought the meeting to order. Terry Monroe read the minutes from the 1992 meeting. Don Prestwich made a motion to accept the minutes as read. Urwin Morley seconded the motion. Motion Carried.

Perry Jensen presented a verbal report on the Upper Sanpitch River system. He stated that the system is in good shape with a few exceptions. He said that the flumes on the West Milburn diversion and the Franson-McArthur diversion both need to be leveled up and repaired to make measuring the water correct. Perry then discussed the Bagnall-West Point diversion. He said that they used flash boards to help regulate the split and that it seemed to help. Don Prestwich stated that new measuring devices need to be installed or a more accurate record kept on the Rock Dam diversion. The condition of the groundwater aquifer was discussed. Everyone agreed that the water levels in their wells has decreased significantly. Don Prestwich made a motion to accept Perry's report. Glen Rasmussen seconded the motion. Motion carried.

Lee Sim then discussed the 1992 financial statement. Each of the line items in the budget were discussed. The delinquent water assessments were discussed. Lee stated that none of the delinquent accounts were a problem yet. Perry Jensen made a motion to accept the financial statement. Don Prestwich seconded the motion. Motion carried.

The 1993 budget was discussed. Lee Sim stated that the commissioners salary would need to be increased by 5% for him to remain on the retirement rolls. A motion was made by Urwin Morley and seconded by Don Prestwich to increase the commissioners salary by 5% and to set the 1993 budget at \$16,680 which includes the \$4500 Central Utah project money. Motion carried.

A motion was made by Glade Mower and seconded by Jay Olsen to recommend Perry Jensen as River Commissioner. Motion carried.

Meeting adjourned at 11:30 a.m.
