To Whom It May Concern:                      Re: Provo River Distribution Sys.  
Account 43-29

Oliver J. Haueter has informed us you own property, with appurtenant water which is regulated under the Provo River Distribution System. The distribution account number associated with the water appurtenant to this property is 43-29 and our records show the previous owner was Oliver J. Haueter. We are enclosing, therefore, the 1994 assessment notice for the above mentioned water right.

The distribution system is regulated by the State Engineer under authority of Section 73-5-1, Utah Code Annotated, 1953, as amended to insure orderly distribution of water based on water rights. A budget is set and assessments are made each year to meet the expenses of the distribution system including the commissioner's salary. The budget and assessments are set by the water users at the annual distribution meeting with the State Engineer. If assessments are not paid by June 1st a delinquent penalty of 10% is added.

If you have any questions, please either call Stan Roberts at 1-801-224-1797 or Jim Riley at 1-801-538-7400 or myself at 538-7431.

Sincerely,

John S. Larsen
