WATER RIGHTS

February 10, 1983

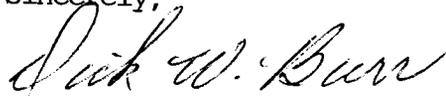

Dee C. Hansen
State Engineer
1636 West North Temple
Salt Lake City, Utah 84116

Dear Mr. Hansen:

In our annual Board Meeting for the West Union Canal Company the Directors discussed the position of River Commissioner for the Provo River. It was the unanimous opinion of the Board that Mr. Stan Roberts, Jr., had been fair in his administration of the river and was always most helpful in answering all inquires.

Therefore, we petition you as State Engineer to reappoint Mr. Roberts to the position of Provo River Commissioner for the 1983 water year.

Sincerely,

Dick Burr, President
West Union Canal Company
