 Central Utah Water Conservancy District  
 355 West 1300 South  
 Orem, Utah 84057

Re: Water recording stations, Upper Sevier,  
 involving Central Utah participation

Dear Mike:

Following is a list of recorders that have been installed using participating monies from the Central Utah Water Conservancy District:

<u>Station #</u>	<u>Station Name</u>	<u>Station Location</u>
1.	Otter Creek Narrows	5 miles south Greenwich, Utah
2.	Bench Irrigation Co.	East of Antimony, near forest boundary
3.	Coyote East Fork Irrigation Co.	3 miles south of Antimony Town
4.	Bullion Creek	1 mile east - center of Marysville
5, 6, & 7	Major diversions Bullion Irrigation Co.	At diversion structures
8	Three Creek Reservoir	Directly below outlet structure Three Creeks Reservoir

All structures have been installed or are in the process of being installed and will all be operational at the beginning of the irrigation season, 1975. I hope this is sufficient information for your budget proposal. If you have any further questions, please feel free to call me.

Sincerely yours,  
 SEVIER RIVER COMMISSIONER  
  
 Bruce Whited
