Dear Mr. ^{Lee}Case:

This letter is in response to your letter dated January 30, 1989, regarding the relocation of the Sevier River near Gunnison gaging station. In your letter you indicated that the total estimated cost of completing the relocation of this gage is \$19,500, of which the Division of Water Rights would pay \$9,750. I am hereby authorizing you to proceed with the relocation of this gaging station, and the Division of Water Rights will pay the \$9,750.

At the end of the fiscal year we will need to modify our cooperative agreement to cover these costs, along with any others that arise during the remainder of the year.

I appreciate your assistance on this matter. If you have any questions, please feel free to give me a call.

Sincerely,

Robert L. Morgan, P.E.
State Engineer
