To: Bonnie Duncan  
From: John S. Larsen   
Date: August 12, 1996  
Subject: Upper Sevier River Distribution System (52)

I received a phone call from Mr. Danny Perkins on this river distribution system August 12, 1996 concerning a delinquent notice sent to him. He owes currently \$890.24 which represents assessments and delinquencies going back to 1992. That was the last year a payment was made on this account (52-72). He requested I research this account for accuracy in payment owed as well as amount of water reported by the commissioner. In conversation with Ray Owens the same day, we found no errors in his reporting nor any errors in the amounts of money owed. Mr. Perkins also was assuming that he was being billed for two other users on this ditch (Marshall Ditch on the South Fork of the Sevier River). Research revealed accounts for the other users, David Sorenson (52-73) and Sharon Dell Marsh (52-37) have been set up and their accounts are paid in full.

I made a second phone call back to Mr. Perkins and indicated to him that the \$890.24 on his account is what he owes. He stated that he did not have the money right now but will have it by October 31, 1996. I requested a letter prepared by him indicating his intentions for full payment of this account. He agreed to this arrangement. I entered a comment on the distribution account under 52-72 as to his intentions.
