Dear Mr. Poulsen:

Permission has been granted to the State Road Commission to lower the casing of the well from which you secure water, located in Salina Canyon which is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 20, T22S, R3E, SLB&M.

Please be advised that in order for you to properly continue using water from this well you should submit to this office, as soon as possible, the necessary change application which would, if approved, secure your right to use this water.

Our Area Engineer in Price will contact you and will assist you in preparing the proper change application.

Yours very truly,

Hubert C. Lambert
STATE ENGINEER
