Dear Water User:

RE: Proposed Distribution Plan Utah Lake Drainage Basin

Last month I sent you a notice of a public meeting regarding a proposed Utah Lake distribution plan. I want to remind you of the meeting which is scheduled as follows:

DATE: Tuesday, September 29, 1992
TIME: 2:00 p.m.
PLACE: Department of Natural Resources Auditorium
1636 West North Temple, Salt Lake City, Utah.

I had requested that written comments on the proposed plan be submitted by September 15. I have only received comments from a few entities. As a result, I am unsure as to the position of the majority of the water users concerning our proposal to implement this plan beginning November 1 of this year. At the upcoming meeting, I would like to receive your input whether your organization supports implementation of the plan dealing with the problems of distributing water within the basin.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations during this meeting should notify Glenda McMaster at 538-7370 at least three days prior to the meeting.

I look forward to our meeting and hope that we can resolve this matter.

Sincerely,

Robert L. Morgan, P.E.
State Engineer
