November 3, 1994

Mr. Joseph Novak
Attorney-at-Law
Snow, Christensen, Martineau
P. O. Box 45000
Salt Lake City, UT 84145-5000

Dear Joe:

This letter is in response to your October 28, 1994, telephone conversation with Jerry Olds of my staff in which you requested an extension to submit the required supporting data for the Provo River Project return flow credits in Utah Lake. You indicated that Jack Gardner is putting together this data and information for the Provo River Water Users Association (Association), but he recently underwent surgery and is unable to complete the work at this time. We wish Jack a speedy recovery and are sympathetic to your situation.

It does not appear that this request will unreasonably affect our ability to properly distribute the waters under the Utah Lake Distribution Plan. Therefore, your request for an extension is hereby granted to, and including, November 15, 1994. All data and information in support of the Association's position on return flow credits in Utah Lake for the 1994-95 water year shall be submitted to this office on or before this date.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bob", written in dark ink.

Robert L. Morgan, P.E.
State Engineer
